In order to ensure that an inscription will fit onto the granite tablet, please note the following information:-

1. Do not forget to include spaces in your inscription – spaces count as a character.
2. The fixing holes are located where the blacked out boxes are on line 2. These boxes cannot be used. This line is recommended for the dates.
3. The lettering on this size tablet is smaller than on other memorial tablets due to the size of the tablet.
4. **Do not forget to include spaces in your inscription.** A space counts as a letter or number.
5. The name uses a different typeface from the remainder of the inscription therefore it may not exceed more the 17 letter and spaces per line. The name should be confined to the top line.
6. We will centre the text on the tablet, this guide box is only to aid your choice of inscription.
7. The inscription must be clearly written in block capitals. We are unable to accept responsibility for an incorrect inscription due to illegible or ambiguous writing.
