In order to ensure that an inscription will fit onto the granite tablet, please note the following information:-

1. The names are in a large typeface and take up more room on the tablet therefore only 30 letters are permitted on Name lines only. (See dotted line).
2. Please do not write in the blacked out areas – these boxes cannot be used for inscription.
3. If you require a further inscription on the tablet please ensure that enough lines are left for the inscription.
4. We will centre the inscription on the tablet, the guide box is only to aid your choice of inscription. Don't forget to include spaces in your inscription. A space counts as a letter or number. The inscription must be clearly written in block capitals. We are unable to except responsibility for any incorrect inscription due to illegible or ambiguous writing.
